

M-SAFE®

M-Safe Eye rinse bottle, including eye bath

- Indispensable first aid product
- To be used when chemicals, dirt or splinters have entered the eyes
- The eye rinse prevents or reduces damage to the eyes
- Fitted with an integrated and ergonomically shaped eye bath, which makes it possible to aim the bottle at the eyes and to keep the eyes open when rinsing
- Rinse liquid consists of a sterile salt solution:
0.9% Sodium chloride (NaCl)
- This is a disposable bottle and its contents are enough for approx. five minutes of intensive rinsing

Contents: 500 ml

Art.No. 7.25.920.00
